

*This Friday –January 27, 2012 You are invited to
experience:*

“A Spiritual Healing Circle with Bach Flower Remedies”

From spiritual psychology, we know that our personality affects our health. Dr. Bach’s remedies help us renew the intrinsic harmony between our personality and our inner Divinity. From the Plant Kingdom of Nature comes a system of healing that helps us emotionally to stabilize ourselves so that we can experience a sense of security and balance, dissolving fears and negativity.

The service will also include a group meditation and healing circle for sending healing light to the earth and absent persons as requested.

At this service, we will perform individual testing and offer doses of responsive remedies.

For an added \$5 donation to cover the cost of Bach supplies, persons bringing a 12 oz. bottle of spring water can receive a take-home remedy preparation to use during the week.

Certified spiritual healers or practitioner of REIKI, or biogenesis are welcome to participate and assist.

All are welcome.

In ancient times, spiritual healers invoked the Goddess or the Mother– aspect of God, and nature spirits to help restore health. This art and science is returning today as “co-creative spiritual healing”.

Doors open at 6:30pm. After meditation, healing sessions will begin at 7:00 and end by 9:15 PM
CCWH is an interfaith fellowship and All are welcome to attend.

New Location: Hunters Woods Community Center –Room 6 at 2310 Colts Neck Rd. Reston, VA 20191
(Donation requested for attendance)
